Description of the Star Education Program:

**OPTION A - Dream Big** Growing up Brad had one dream and that was to become a magician. Met with lots of adversity, being an introvert and having no clear path to stardom, Brad created his own future and teaches audiences how they can do the same - regardless of what their dream is. Brad Ross can do a combination of a performance, Q&A and or a motivational speech.

The Dream Big program is a motivational presentation promoting the importance of believing in yourself, learning the keys to success, and dreaming big to achieve anything you heart desires. *Tailored to adults, kids or a mixed audience of ages.*

**OPTION B - The Magic Inside** is a program we bring to hospitals & rehabilitation centers, in the cities where we perform. Through simple slight-of-hand magic, Brad teaches patients easy to do magic tricks that not only help build their motor skills and work on their rehabilitation, but also establish & build self-confidence.

**OPTION C - Every Book Is Magic** outreach, which is a literacy program designed to encourage children to explore reading, because every book IS a magic book IF you open it up and read it. This program has played very well at schools, libraries, and other local & national organizations dedicated to the educational advancement of children.
