Student Outreach for school or local organization

Alina Kiryayeva

A. MATINEE: - A 45-Minute “mini-concert” targeted to a large group of students the day of or the day after the scheduled concert.

Specific # of Artists & Instrumentation:

(1): Pianist

Description of the Star Education Program:

Informal piano concert introducing well-known gems of the classical repertoire accompanied by the stories about their origins. The classical melodies are combined with renditions of popular repertoire (such as songs by Adele or music from movies), showing the bridge between contemporary styles popular on social media and music hits charts, and the classical style. Through questions and answers the outreach introduces the topics such as life of a touring musician, music education, the relevancy and role of classical music in our modern society (such as classically designed introductions to Lady Gaga songs and classical music in computer games).

Technical Requirements:

- **Grand Piano (upright piano is acceptable if grand is not available)**
- **Microphone on a Stand**

Technical Requirements:

 - **Two pianos would be ideal, but not required.**
 - **Upright piano is acceptable if grand is not available**
